Join us for our first annual fly fishing seminar! We believe fishing is for everyone and we're looking forward to spending the day with you to help cultivate your passion for the sport. If you have been curious about fly fishing but have been too intimidated to learn, this free seminar may be perfect for you. If you are a lifelong fly fisherman but want to brush up on your skills, please come join us and share a fishing story or two.

This all day seminar will focus on knots, casting, stream tactics, equipment and entomology in a rotating station based format.

Our guides at Grand Teton Fly Fishing will be running the stations and are looking forward to meeting you! So dust off that old rod, grab your lunch, bring your camp chair and come join us!
